COMPACT AIR CUSHION SYSTEM

Mistral 4

COMPACT AIR CUSHION SYSTEM

RIPAC proudly presents one of the quietest air cushion systems on the market, the **Mistral 4** which produces a quilted material for cushioning and blocking & bracing, air cushions for the void fill solutions as well as the **NEW** hybrid film for wrapping & protection solutions.

The light and compact **Mistral 4** is equipped to run at lightning speeds upto 30m/min of inflated air pillows, making one of the world's fastest machines.

The **Mistral 4** is designed to operate with a simple to use touch button display with multi-programs pre installed. Furthermore it can be integrated into your packing station by either a fill level sensor or foot switch.

-  **New sealing technology, no Teflon Belts**
-  **Low maintenance**
-  **Compact Portable system**
-  **User friendly, touch button operation**
-  **Film flexibility, pillows, quilt and hybrid**
-  **Easy to integrate**
